

Agility Camp *with* Stuart Mah

**April 10-12, 2009
Council Bluffs, Iowa**

Stuart Mah has been one of the nation's leading and innovative agility personalities for almost two decades. He is also considered one of the foremost authorities on course design and course analysis. Stuart is an eight-time U.S. World Championship team member and is one of the few people to have won both the USDAA Grand Prix National Championship and the AKC Agility Championship. Stuart has been an agility judge for AKC, USDAA, NADAC, and UKC, and he is much in demand as a seminar giver. In recent years, Stuart has been featured on Animal Planet in competitions for the Great Outdoor Games and the AKC Agility Nationals.

This seminar is limited to 12 dog/handler teams running at the Open/Advanced level or above. The seminar will be all about HANDLING, and not about relationship issues, obstacles issues, etc. Come prepared to WORK your dog, as you will be running all day long. The camp fee for the three days is \$400. Auditing the three days (not working a dog) is available for \$150.

Please bring a chair, and there will be room for a tent if you'd like to bring one, although we have plenty of crating space in the agility building. A continental breakfast and lunch will be provided each day. A list of area motels will be sent with your confirmation, and there is limited motor home parking at the seminar site. Questions? Call Gerianne at (712) 526-2252 or e-mail GerianneDarnell@aol.com

We are VERY fortunate that Stuart is coming to the Midwest!
